December 16th, 2019:

To whom it may concern:

The CFA-SFSU chapter executive board has voted to support the striking graduate student employees at UC Santa Cruz. We urge the UCSC administration to grant these workers a cost of living adjustment in order to provide a living wage for all of their vital work. We stand in solidarity with the strikers and hope for a speedy and just resolution.

.

Sincerely,

A handwritten signature in black ink that reads 'James Martel'. The signature is written in a cursive, flowing style.

James Martel, Chapter President, CFA-SFSU
